Section 91 Paint

4-9101 General

Section 91, "Paint," of the *Standard Specifications*, covers material requirements for paint. Painting requirements and types of paint to be used in specific applications are included in *Standard Specifications* sections that require surfaces to be painted.

4-9102 Before Work Begins

Verify that Form CEM-3101, "Notice of Materials to Be Used," includes paint. Refer to Section 6-202, "Responsibilities for Acceptance of Manufactured or Fabricated Materials and Products" of this manual for additional information.

4-9103 During the Course of Work

- Make sure Materials Engineering and Testing Services has inspected the paint.
- Check that the paint is packaged and labeled as required in the specifications.
- Inspect the paint in accordance with Section 6-2, "Acceptance of Manufactured or Fabricated Materials and Products," in this manual.
- Take samples of the paint in accordance with the tables in Sections 6-1, "Sample Types and Frequencies," and 6-2, "Acceptance of Manufactured or Fabricated Materials and Products," of this manual.

4-9104 Payment

Payment clauses are included in the various *Standard Specification* sections or special provisions that discuss the application of paint.
