

Sample Participating Agency List

Note: This is a sample list that will need to be customized and updated based on the public involvement process for an individual project. Please verify the contact information, including mailing address, prior to sending any correspondence to the participating agencies for your particular project.

EFFICIENT ENVIRONMENTAL REVIEW

LIST OF PARTICIPATING AGENCIES

**This list is not all inclusive, but it intended to serve as a starting point for determining participating agencies. Where possible, we have given contact information and/or web addresses to contact information. We will work to continue to populate this list so if you identify any missing agencies, please let us know by using the SER Suggestion Box at:
<http://www.dot.ca.gov/ser/suggest.htm>.**

Remember also that a participating agency is “any federal or non-federal agency that may have an interest in the transportation project”; this is a broad definition so think broadly. On the other hand, you do not need to invite all agencies on this list to be a participating agency; if the agency’s interest would only be tangential or speculative, you are not required to invite them.

Sample Participating Agency List

Note: This is a sample list that will need to be customized and updated based on the public involvement process for an individual project. Please verify the contact information, including mailing address, prior to sending any correspondence to the participating agencies for your particular project.
