

Roadway Departure: Effective Countermeasures

Presented by:

Ed Gebing, NHTSA Region 9

on behalf of

Randy Weissman, California OTS

DISCUSSION POINTS

Problem Identification

Effective Countermeasures

Partnerships and Collaboration

Problem Identification

High Collision Areas

Types of Collisions

Causes- Don't just look for one reason

Issues

Alcohol Impaired Driving

Drug Impaired Driving

Distracted Driving

Drowsy Driving

Motorcycle Safety

Occupant Protection

Emergency Medical Services

4E's- The solutions

Enforcement

Education

Engineering

Emergency Medical Services

Countermeasures/Strategies

High Visibility Enforcement

DUI/Driver's License checkpoints

Saturation patrols

Court stings

Minor Decoy

Shoulder Tap

NHTSA Key Countermeasure Program: High Visibility Enforcement (HVE)

High Visibility Enforcement (HVE) is a universal traffic safety approach designed to create deterrence and change unlawful traffic behaviors.

HVE combines highly visible and proactive law enforcement targeting a specific traffic safety issue.

Law enforcement efforts are combined with visibility elements and a publicity strategy to educate the public and promote voluntary compliance with the law.

HVE: High Visibility Media Outreach

Educate the public about the traffic safety problem and warn them well in advance that law enforcement will enforce the law to save lives

Use a combination of social median, earned, and targeted paid media

Maintain media outreach for Pre-event, During the Event, and Post-Event

Education and Awareness

Drivers Education in your
local schools

Every 15 Minutes, Start
Smart, Impact Teen Driver

Mother's Against Drunk
Driving

OTS Public Education and Outreach Efforts

NHTSA- Traffic Safety Marketing

Bicycle Safety

Child Safety

Distracted Driving
