

Districts 5 & 10 Program/Project Management Contract Outreach

Questions and Answers

1. It's my understanding that Caltrans is still operating primarily hybrid. What roles would be expected to adhere to similar in office attendance?

Expectation would be to have a work location at the Manchester office, due to the 50/50 Telework Agreement. Depending on the role, for District 10, Project Management type roles would be 1 to 2 days a week, the rest of the roles would be remote. From the District 5 Contract perspective, most interactions would be remote with occasional (perhaps quarterly) in-person meetings.

2. Will we be able to get a copy of the slides?

The Outreach information including questions and answers will be posted on DPAC A&E website: <https://dot.ca.gov/programs/procurement-and-contracts/ae-contract-information/a-e-outreach-events>
