Notes:

1. The Recreational and Cultural Interest Area Signs (RS-Series) are for guiding road users to a general area and then to specific facilities or activities within the area, as specified in Section 2M.01 in the California MUTCD.
2. Unless specified, RS-Series signs may be for road use or non-road use (park and ride lots, safety roadside rest areas, vista points, parking lots, parks, campgrounds, trails or other recreational facilities).
3. Unless the sign has a prohibited word message or prohibited sign symbol specified in Chapter 2B of the California MUTCD, signs with a red circle-slash next to the sign name to indicate that the symbol sign has a prohibited counterpart, **Prohibited [Recreational Series PS- (CA) Series]**, and, an optional **Prohibited Recreational Education Plaque (PREP- (CA) Series)**. Optional educational plaques may be installed below **PS- (CA) series** signs.
4. Symbols specified in graphics grids may be reversed to show a mirror image if it better reflects direction of the activity or area, or adds clarity when presented with prohibited, red circle slash imposed over the symbol. Match the direction of the symbol and arrow.
5. For prohibitive applications, the symbol shall be scaled proportionately to fit completely within the red circle slash. The diagonal slash shall be oriented from the upper left to the lower right portions of the circle.
6. Colors and Retroreflective Sheeting:
Retroreflective — ASTM Type XI white legend and border on brown or green ASTM Type XI background.

For prohibited applications — black legend and border on retroreflective ASTM type VIII, IX, or XI white background with retroreflective ASTM Type XI red circle slash superimposed over black symbol, within black border.
