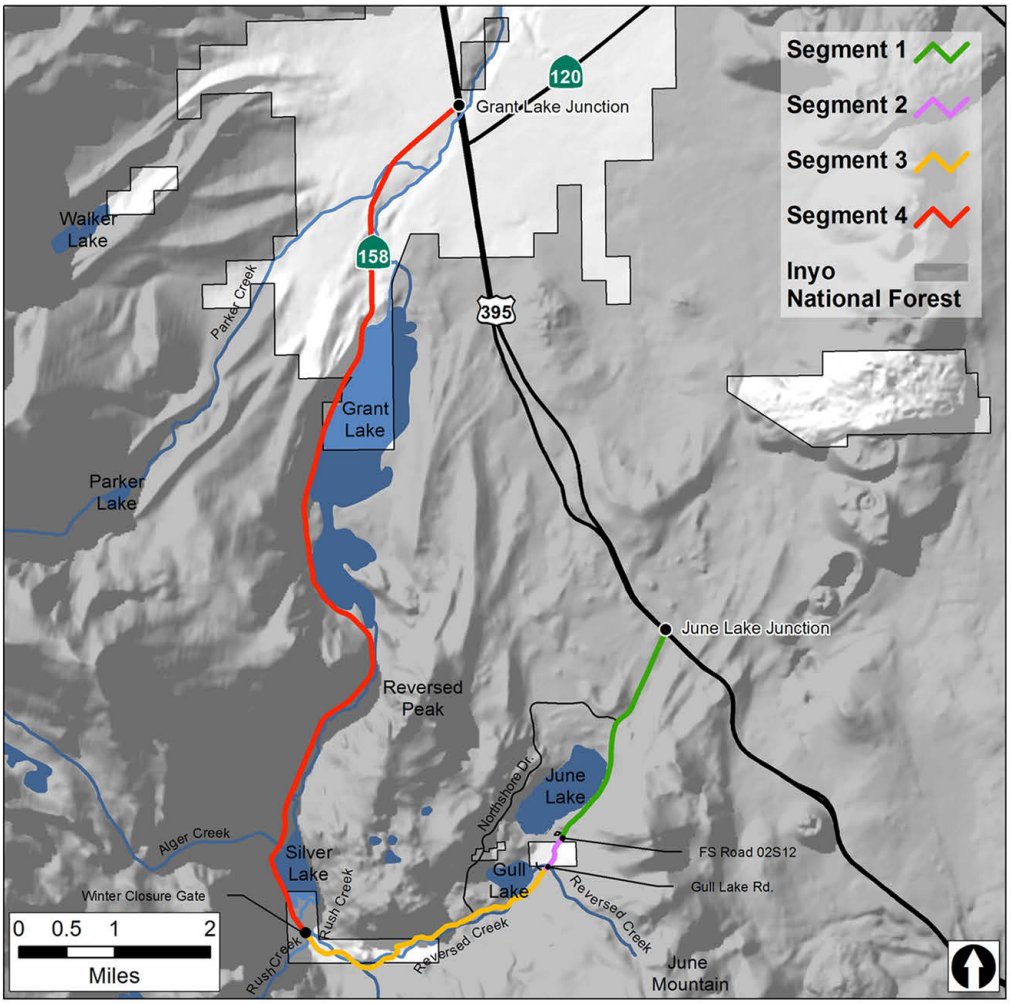
Caltrans District 9 Bicycle Guide

SR 158



Description:

State Route 158 is a 2-lane highway with narrow shoulders. The highway's terrain varies between flat and rolling grades. The highway forms a loop with US 395 and serves as the sole access road for the recreation-oriented community of June Lake. SR 158 wraps around the rim of a glacier-carved basin and is situated within a scenic environment of colorful aspens, a chain of pristine lakes inside of the loop and steep-faced mountains outside of the loop. Riders should be cautious of the winding road geometry between the town of June Lake and Silver Lake. Traffic is light.
