To: CHAIR AND COMMISSIONERS

CTC Meeting: August 22, 2012

Reference No.: 3.4  
Information

From: BIMLA G. RHINEHART  
Executive Director

Subject: **REPORT ON LOCAL AGENCY NOTICES OF INTENT TO EXPEND FUNDS  
ON STIP PROJECTS PRIOR TO COMMISSION ALLOCATION, PER SB 184**

## **SUMMARY**

Senate Bill (SB) 184 (Chapter 462, Statutes of 2007) authorizes a regional or local agency, upon notifying the California Transportation Commission (Commission), to expend its own funds for a project in the State Transportation Improvement Program (STIP) to which the Commission has not yet made an allocation. This report includes a list of the STIP projects for which an SB 184 letter (and a copy of the allocation request) was submitted.

As reported at the June 2012 meeting, SB 184 notification letters had been received for 28 local STIP projects. Since then, three additional notifications have been received, one from Tuolumne County with an effective date of July 1, 2012; one from San Bernardino County with an effective date of July 11, 2012; and one from Santa Cruz County with an effective date of August 1, 2012. The three projects are highlighted in the attached list.

## **BACKGROUND**

Government Code Section 14529.17, as amended by SB 184, permits an agency to expend its own funds for a STIP project, in advance of the Commission's approval of a project allocation, and to be reimbursed for the expenditures subsequent to the Commission's approval of the allocation.

Section 64A of the STIP guidelines directs the agency to submit a copy of the allocation request along with the SB 184 notification letter to the Executive Director of the Commission. The original allocation request should be submitted to Caltrans at the same time.

Expenditures are eligible from the date the Commission receives the notification letter.

Invoking SB 184 does not establish a priority for allocations made by the Commission nor does it establish a timeframe for when the allocations will be approved by the Commission.

The statute does not require that the Commission approve an allocation it would not otherwise approve. SB 184 advance expenditures must be eligible for reimbursement in accordance with state laws and procedures. In the event the advance expenditures are determined to be ineligible, the state has no obligation to reimburse those expenditures.
