RESOLUTION SLP1B-A-1213-01**

RECOMMENDATION:

The California Department of Transportation recommends the California Transportation Commission (Commission) approve a technical correction to Resolution SLP1B-A-1213-01 originally approved on August 22, 2012.

ISSUE:

At its August 2012 meeting, the Commission approved Resolution SLP1B-1213-01 to allocate \$800,000 for the Peyton Drive Widening locally administered State-Local Partnership Program project in City of Chino Hills. A technical correction is needed in the vote box to correctly show the project location beginning at "Peyton Drive from Chino Hills Parkway (State Route 142) to Eucalyptus Avenue".

There is no change to the Book Item Memorandum.

The required changes are reflected in strikethrough and bold on the attached documents.
