CTC Meeting: June 11, 2013

Reference No.: 4.3

Executive Director

Subject: **DRAFT 2014 STIP FUND ESTIMATE (FE)**

SUMMARY:

The Department is submitting the draft 2014 STIP Fund Estimate (FE) to the Commission at this meeting of June 11, 2013.

The draft FE shows that there is no new programming capacity in the first three years of the STIP period (2014-15 through 2016-17), due to no capacity for the Public Transportation Account (PTA) or Transportation Enhancements (TE). Therefore, total programming targets are only for the last two years of the STIP period (2017-18 and 2018-19).

State law provides that up to 5% of a county share may be expended for planning, programming and monitoring (PPM). This limitation is applied separately to each four-year county share period. Table 3 shows the PPM limits for the STIP period 2016-17 through 2018-19. The PPM limitation is a limit to the amount that can be programmed in any region and is not in addition to amounts already programmed.

No Commission action is required as this is an information item; however, staff recommends that the Commission consider any comments received at the June 2013 meeting, and direct staff to work with the Department to present the 2014 STIP FE for adoption at the August 6, 2013 meeting.

BACKGROUND:

Government Code section 14525(a) requires the Commission to adopt the STIP Fund Estimate by August 15 of each odd-numbered year.

2014 STIP Fund Estimate County and Interregional Share Estimates

The STIP consists of two broad programs, the regional program funded from 75 percent of new STIP funding and the interregional program funded from 25 percent of new STIP funding. The 75 percent regional program is further subdivided by formula into County Shares. County Shares are available solely for projects nominated by regions in their Regional Transportation Improvement Programs (RTIP).

The Draft 2014 STIP Fund Estimate indicates that the STIP is over-programmed by approximately 12% in the early years of the 2014 STIP due primarily to the loss of Transportation Enhancement (TE) funding. Some of this over-programming will likely be resolved through the schedule updates which occur each STIP cycle, and through the deletion of TE projects by regions or Caltrans. However, some projects currently programmed in the STIP may need to be delayed (reprogrammed into a later year).

Existing TE projects may remain in the STIP so long as they are eligible for State Highway Account or Federal funds.

Table 1. Reconciliation to County and Interregional Shares

This table lists the net changes to program capacity from the **draft** 2014 STIP FE to the capacity used in the County and Interregional Shares. This table is currently based on the estimated Commission actions through June 30, 2013. The program capacity used in the adopted Fund Estimate will be updated to include final Commission's actions through the June 2013 Commission meeting.

Table 2. County and Interregional Shares – Total Target

This table displays the **draft** 2014 STIP targets of the new statewide capacity through 2018-19. As shown in Table 1, new capacity is in the two new years of the Fund Estimate: 2017-18 and 2018-19. Therefore, nearly all new programming added in the 2014 STIP will be in 2017-18 and 2018-19.

Table 3. County and Interregional Shares – Maximum Target

This table displays the **draft** 2014 STIP targets of the new statewide capacity through the next County share period, ending in 2019-20. This is the maximum amount that the Commission may program in a county, other than advancing future shares, pursuant to Section 188.8(j) of the S&HC, to a county with a population of under 1 million.

Table 4. Planning, Programming, and Monitoring (PPM) Limitations

- State law and the STIP guidelines provide that up to 5% of a county share may be expended for planning, programming, and monitoring (PPM). This limitation is applied separately to each four-year county share period. This table identifies the ***draft*** county and interregional shares for 2016-17 through 2018-19 (the first three years of the 2016-17 through 2019-20 share period) based upon the 2012 Fund Estimate and the ***draft*** 2014 Fund Estimate. These are the amounts against which the 5% PPM Limitation is applied. The PPM Limitations are limits to the amounts that can be programmed in any region and are not in addition to amounts already programmed.

Memorandum

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: June 11, 2013

Reference No.: 4.3
Informational Item

From: NORMA ORTEGA
Chief Financial Officer

Prepared by: Steven Keck
Division Chief
Budgets

Subject: **DRAFT 2014 FUND ESTIMATES**

RECOMMENDATION:

The Department of Transportation (Department) requests the California Transportation Commission (Commission) review and comment on the results of the Draft 2014 State Transportation Improvement Program (STIP) Fund Estimate and the Draft 2014 Aeronautics Account Fund Estimate that will be provided at the June 11, 2013, Commission meeting. The Department will work with Commission staff to implement necessary changes prior to the adoption of the Fund Estimates at the Commission's August 6, 2013 meeting.

ISSUE:

The Draft 2014 Fund Estimate (Draft) program capacities will be based on the assumptions approved by the Commission at the May 2013 meeting. After reviewing these Draft results, the Commission may choose to revisit the approved assumptions for possible changes or updates. The Department requests the Commission direct comments and suggestions to the Commission Staff, so the Department may incorporate Commission feedback into the 2014 Fund Estimates. In addition, the Department will continue to work with Commission Staff between now and the August 2013 Commission meeting to update information and make any necessary changes to the Draft 2014 STIP Fund Estimate and the Draft 2014 Aeronautics Account Fund Estimate.

BACKGROUND:

Section 14524(a) of the Government Code (GC) requires the Department to submit the STIP Fund Estimate prior to July 15 of each odd-numbered year. The Department will comply with this requirement and submit the Draft 2014 STIP Fund Estimate 34 days prior to the due date identified in statute. Section 14525(a) of the GC requires the Commission to adopt the STIP Fund Estimate by August 15 of each odd-numbered year. The Department will endeavor to present the 2014 STIP Fund Estimate and the 2014 Aeronautics Account Fund Estimate at the August 6, 2013, Commission meeting for adoption.

Should the need arise, Section 14525(d) of the GC allows the Commission to delay adoption of the Fund Estimate for up to 90 days due to pending legislation that will significantly impact this forecast.

¹ 2012 SHOPP Program totals from Transportation Programming as of May 30, 2013.

² 2012 STIP Program estimates as of June 30, 2013 (provided by Commission staff).

- Target Capacity = commitments + new capacity
- Total SHOPP capacity is \$11.4 billion over FE period
- Total STIP capacity is \$3.3 billion over FE period

Open Issues

- **General Fund Relief & Transportation Loan Repayments**

- Assumes current state statute.
- Assumes loan repayments occur on time.

- **Non-Article XIX Transfers**

- Section 183.1 of the Streets & Highways Code.
- 2013-14 Governor's Budget proposed a permanent transfer to Transportation Debt Service Fund.

Open Issues (Continued)

- **Active Transportation Program (ATP)**
 - 2013-14 Governor's Budget proposed a shift of \$134.2 million in state and federal resources to new ATP.
 - Administration's proposal denied without prejudice in both the Senate and Assembly.
